Dear Sirs:

Once and for all, SETTLE the Microsoft Lawsuit.

The World Economy is at constant WAR. Life in itself is a war of economics.

WHY DO YOU WANT TO DEFEAT ONE OF YOUR OWN?

"Divide and conquer", was the motto, of an old communist; STALIN

Please settle this once and for all.

Your country and millions of beneficiaries of today's technology will thank you for it.

Sincerely,

GIACOMO ZARDETTO
